STATINTL

Let me take this means of thanking you for the very fine program you arranged for our Washington Seminar group last month at the CIA. [Redacted] presentation was very well done and very effective in providing the students with an objective look at some of the agency's work in providing accurate intelligence data and analysis for use by the Federal government. Will you please convey our appreciation to him.

Once again, our sincere thanks for all the fine arrangements. It was a real pleasure to work with you and I am looking forward to a similar program next year.

Sincerely,

In accordance with our telephone conversation, I am enclosing the names of the students who will be visiting the CIA Friday May 25th, together with their date and place of birth. All are American citizens -- with one exception all are native born, that one is naturalized, as indicated.

In the past, the CIA has provided a bus to transport us to and from Langley. I trust that this will be possible again this year. Either my assistant, Ms. Kathleen Courtney or I will contact you after our arrival in Washington to work out the details.

Thank you very much for your assistance in making the arrangements.

Sincerely,

Karl M. Schmidt  
Professor of Political Science and  
Public Administration  
Director, Washington Seminar

STATINTL

[redacted]  
Associate Deputy Director for Intelligence  
Central Intelligence Agency  
Washington, D.C. 20505

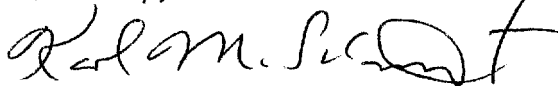

Dear [redacted] STATINTL

The twenty-fifth annual Washington Seminar of Syracuse University's Maxwell School will be held in Washington, D.C. from May 14th through June 2nd this year. Some twenty-five graduate and undergraduate students will be examining American government in action with reference to "The Carter Presidency: How Successful?" and "The 96th Congress: How Effective?"

In the past you have generously taken time to meet with our student groups. These sessions have been most valuable in providing a better understanding of the CIA and the complexity of intelligence work. We shall be delighted if you will be able to meet with us again this year for perhaps an hour of discussion concerning both the administrative changes in the intelligence community and the caliber of intelligence provided the present administration. May I suggest Friday, May 25th at 2:00 PM as a possible time? This is only a suggestion, however, and if it is not suitable, we shall be happy to schedule a time more convenient for you.

I look forward with pleasure to seeing you again in May. Many thanks for your assistance once more.

Sincerely,

Karl M. Schmidt  
Professor of Political Science and  
Public Administration  
Director, Washington Seminar
